Booster Clubs/Organizations

The Board of Education recognizes that booster clubs perform a valuable service to the schools, and the Board expects school personnel to support such organizations accordingly. It shall be the duty of the Superintendent and respective principals to represent the best interests of the Board, school system and schools in the functioning of such organizations.

Each booster club which is involved with school activities or school students shall develop and maintain a constitution and bylaws setting forth the purposes of the organization and the general rules and procedures by which it shall operate. Each booster club shall provide a copy of its constitution and bylaws, and any revision thereof, to the Superintendent or his/her designee.

Booster clubs shall secure the advice and approval of the Building Principal before planning any function in which students are to participate while under supervision of the District.

A booster organization shall secure the prior advice and approval of the Building Principal before planning any fund-raising activity intended to benefit a school program. The Principal shall suggest needs of the school, including those not requiring fund-raising, that are conducive to the active involvement and significant numbers of interested parents in meaningful service to the school and its students.

Each booster organization shall establish its own system for handling and disbursing its funds; however, all applicable Board policies must be followed when expenditures are for school activities or when funds are to be raised through the use of students and District facilities.

Any item purchased by booster clubs for school or school activity use shall become the property of the District.

The Board recognizes its responsibility to ensure that equivalent benefits and services are provided to members of both sexes. Therefore, appropriate actions will be taken to ensure that benefits and services are equivalent for both sexes, regardless of funding sources.

The Superintendent is directed to develop regulations containing guidelines by which booster clubs shall operate in the District. Such guidelines shall include, but not be limited to, such topics as permissible awards, fund raising, insurance requirements, annual reporting, use of facilities, recognition functions, concessions at school events and expenditures for student equipment and supplies.

Booster Clubs/Organizations (continued)

The Board of Education is responsible for providing funding for the safe and effective operation of the interscholastic sports program. There may be occasions when Board funding is unavailable to provide everything requested by a coach. All booster club donations must be approved by the Superintendent of Schools or his/her designee in advance to ensure equity in all sports. “Necessary” expenditures must be provided by the Board of Education through its approved budget. Items that would be “nice” to have are viewed as appropriate for booster club financial support. Any booster club purchase or expenditure must receive the approval of the team’s head coach and the Athletic Director following the aforementioned approval by the Superintendent of Schools or his/her designee.
