

WHS Update (03-20-24)

Dear Waterford High School Families,

World Down Syndrome Day is Thursday March 21st. WDSD is a global awareness day which has been officially observed by the United Nations since 2012. The date for WDSD being the 21st day of the 3rd month, was selected to signify the uniqueness of the triplication (trisomy) of the 21st chromosome which causes Down syndrome. We welcome you to rock your favorite pair of fun and mismatched socks to celebrate everything that makes us all different yet the same! Please show your support and rock your socks Thursday.

Sincerely,

Kirk Samuelson

WHS Principal
